# VISION & MISSION

## Vision

The **Leading Intergovernmental Geoscience Organization** for **Sustainable Development** in East and Southeast Asia

## Mission

To work together on advancing geoscience for **better lives on future earth**, in line with the goals of international conventions

### Geoscience Partnership for Better Life and Digital Earth

# VISION & MISSION

## Strategic Aim 1

- 5 Objectives/ 20 Action Items
- Expert Groups
- Center of Excellence
- New Projects with CC/CO/MC

## Strategic Aim 2

- 3 Objectives/ 9 Action Items
- Digitally transformed geoscience data management
- Data driven Discoveries & New Findings
- Developing digital Culture and Capability

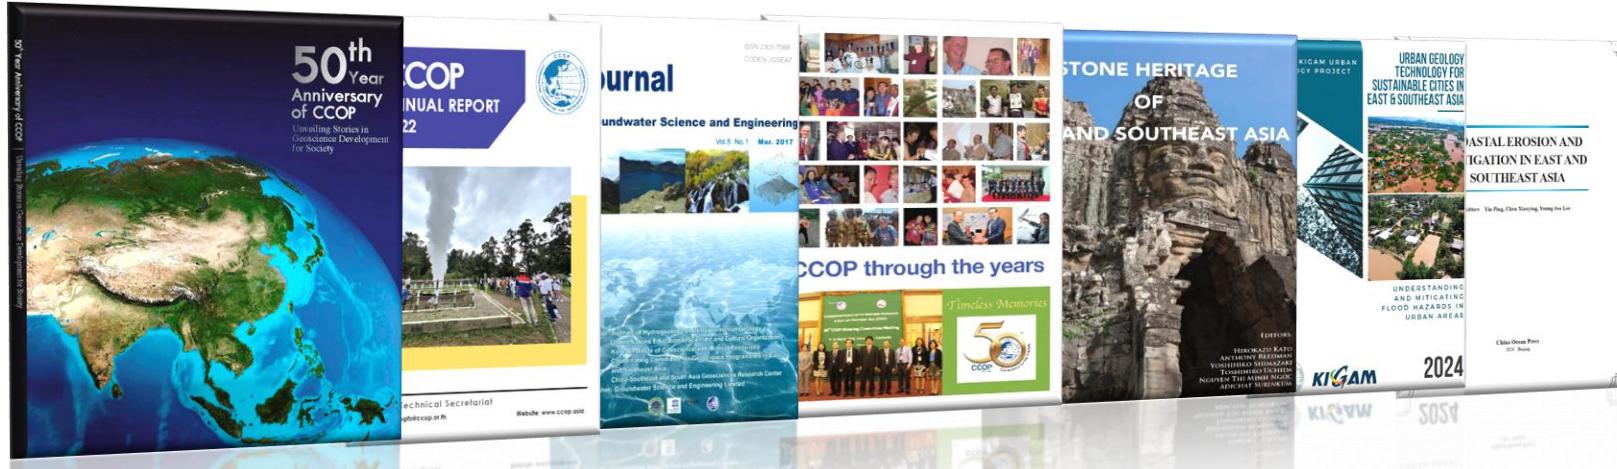

## Strategic Aim 3

- 3 Objectives/ 9 Action Items
- Capacity Building/ Education/ Training
- Promotion of Young & Women Geoscientists
- Strengthening nurturing system of Experts

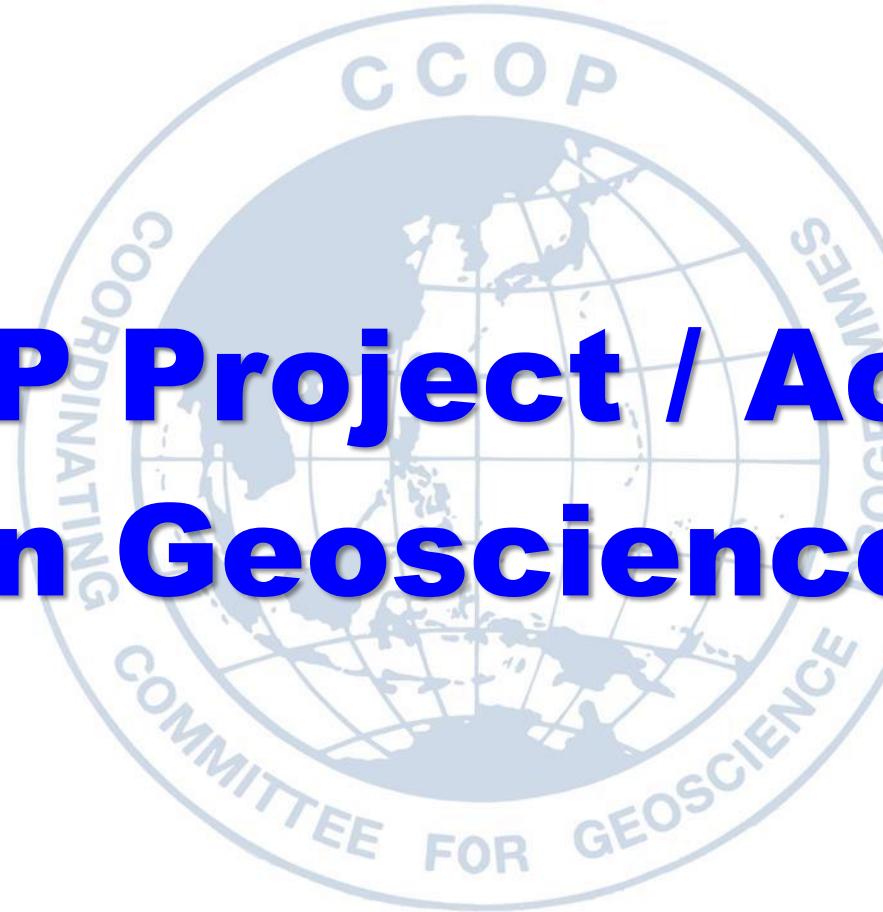

# ACHIEVEMENTS

**In the past 59 years, CCOP has achieved**

- > 300 Cross-border Projects
- > 860 Publications
- > 40,000 Beneficiaries from E&SE Asia
- > 1000 Workshops & Trainings

# **CCOP Project / Activity in Geosciences**

# CCOP Project / Partnership 2021-2025

I

## Provision of Geoscience Solutions, Advice and Reliable Information through Cooperation and Partnership

- CCOP-KIGAM Urban Geology Project
- CCOP-GSJ Groundwater Project
- CCOP-KIGAM Groundwater Project
- SEACA Project
- AKCF Project
- CCOP – ASEAN Partnership
- CCOP – UNECE Partnership
- CCOP – UNESCAP Partnership
- CCOP – RCUG Partnership
- CCOP – ECF Partnership

II

## Adapting to Digital Transformation in Geoscience for Future Earth

- CCOP-KIGAM GDR Project
- CCOP-GSJ GSi Project
- CCOP-KIGAM Big Data and Machine Learning Project
- CCOP-GeoAI Data Society

III

## Promotion of Geoscience Education, Capability Building and Outreach

- Hanyang University GETPP Program
- EAGER Award
- CCOP-IRCK Training Program
- CCOP Spring 2024 Seminars

# 1. Mineral Resources

## ASEAN-Korea Cooperation Fund Project

- **Project Title:** Critical minerals management and strategy for sustainable environment in ASEAN
- **Duration:** 2024 – 2026 (**3 years**)

- **Proponents:**
  - CCOP
  - Geological Agency of Indonesia

- **Implementing Agency:**
  - CCOP
  - Korea Institute of Geoscience and Mineral Resources (KIGAM)

- **Funding Source:** ASEAN-KOREA Cooperation Fund (AKCF)  
**Budget:** **5,683,632 USD**

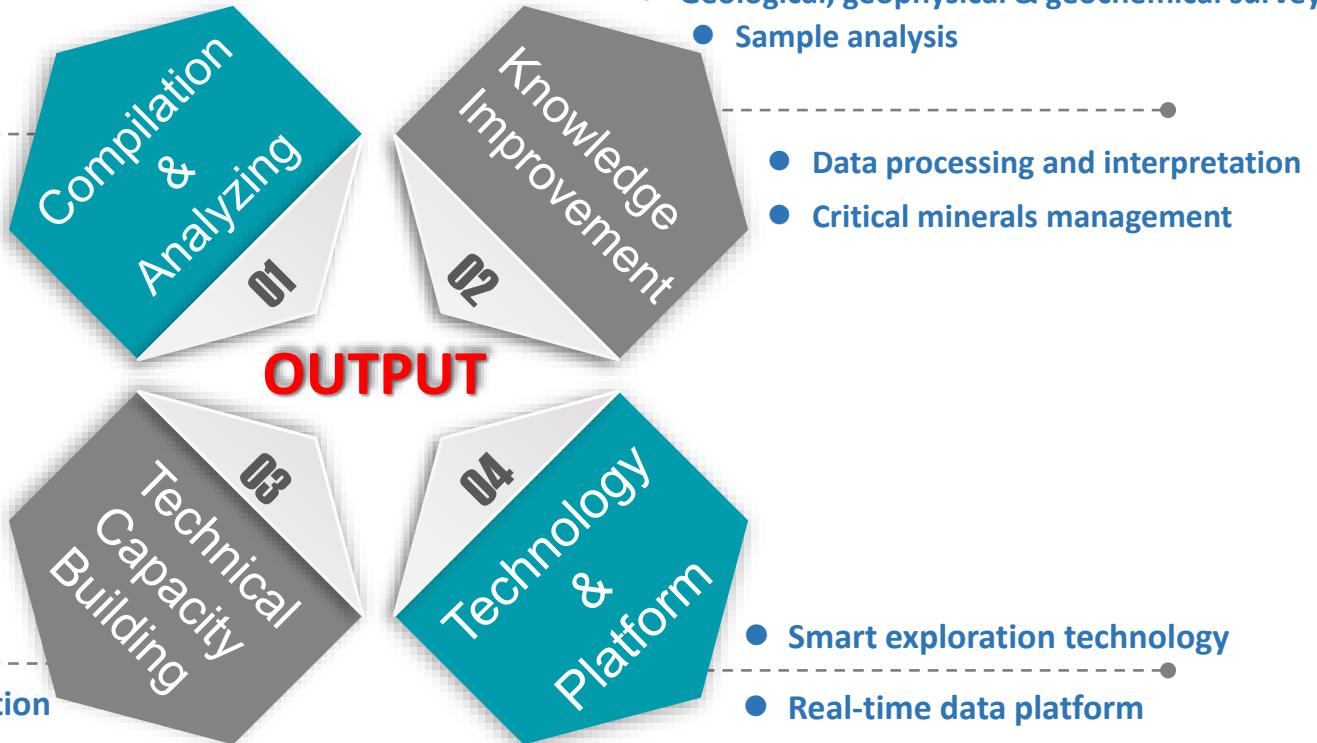

한 - 아세안 협력기금

# 2. Urban Geology

## CCOP-KIGAM Urban Geology Project (2021-2024)

- **Project Title:** Urban Geology Technology Transfer for Sustainable Cities in East and Southeast Asia
- **Duration:** 2021 – 2024 (**4 years**)
- **Funding Source:** Korea Institute of Geoscience and Mineral Resources (KIGAM)  
Budget: ~ 300,000 USD
- **Objectives:** Establishment of an international cooperative network, to share and promote the smart Integrated Solution Technology on urban geology within ASEAN

Sept 2022, Singapore

June 2023, Philippines

# 2. Urban Geology

## CCOP-KIGAM-CGS Urban Geology Workshop 2024

**Host:** CCOP, KIGAM and CGS

**Date:** 12-14 June 2024

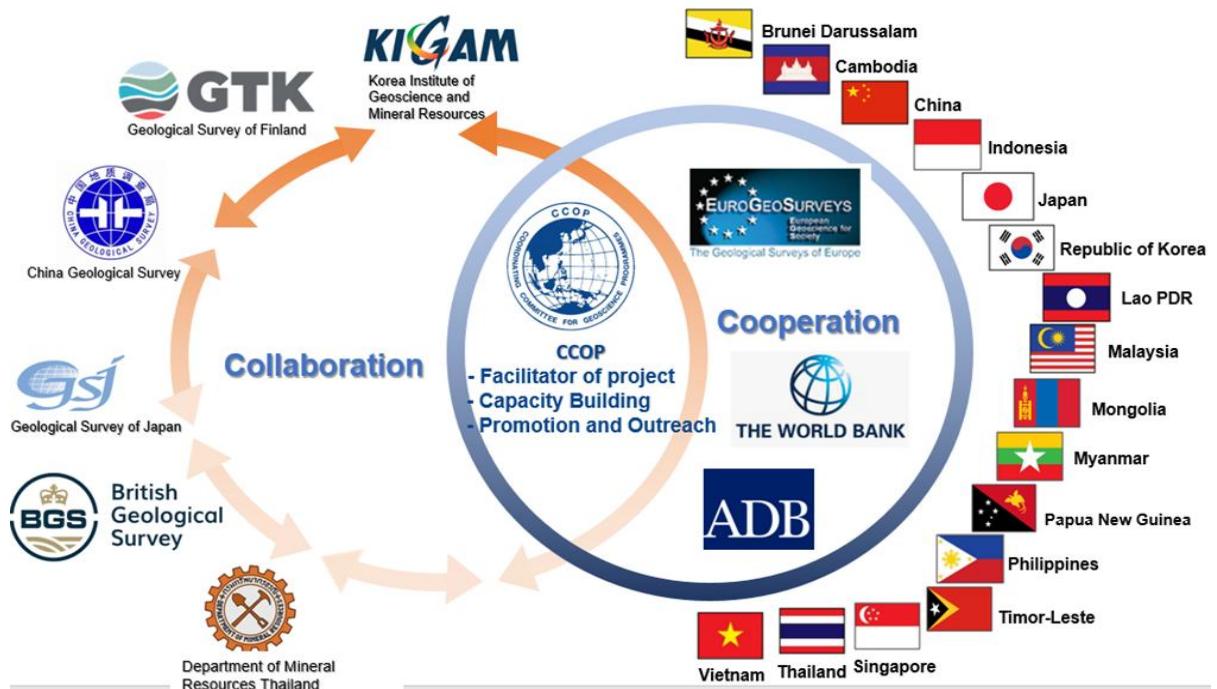

**Venue:** Hangzhou City, Zhejiang Province, China

### **Outcomes:**

- More than 50 participants from 9 Member Countries, 1 Cooperating Country (*British Geological Survey*), 1 Cooperating Organization (*EuroGeoSurveys*).
- Shared insights and understanding in **Flood Hazards in Urban Areas**.

# 2. Urban Geology

## Global Urban Geology Cooperation Network

# 3. Groundwater

## CCOP-GSJ Groundwater Projects

**Source:** Geological Survey of Japan

1. CCOP-GSJ Groundwater Project Phase I (2004-2009)
2. CCOP-GSJ Groundwater Project Phase II (2010-2014)
3. CCOP-GSJ Groundwater Project Phase III (2015-2019)
- 4. CCOP-GSJ Groundwater Project Phase IV (2019-2024)**

- Kick off: Dec. 1-3, 2019 Bali, Indonesia
- Purpose: Advanced Database of Groundwater
- Joint groundwater projects to solve groundwater problems in CCOP region
- **Main objectives:**
  - Compiling Member Country's own groundwater data.
  - Use Open Web GIS System for publishing the data online
  - Use Web GIS System to publish the groundwater data compiled, [https://ccop-gsi.org/gsi/ccop\\_water/](https://ccop-gsi.org/gsi/ccop_water/)

# 3. Groundwater

**<CCOP-GSJ GW Workshop 2019>**

2-4 December 2019, Bali, Indonesia

**<CCOP-GSJ GW Workshop 2022>**

9-11 March 2022, Online

**<CCOP-GSJ-DGR GW Workshop 2023>**

21-23 March 2023, Bangkok, Thailand

**<CCOP-GSJ GW Workshop 2024>**

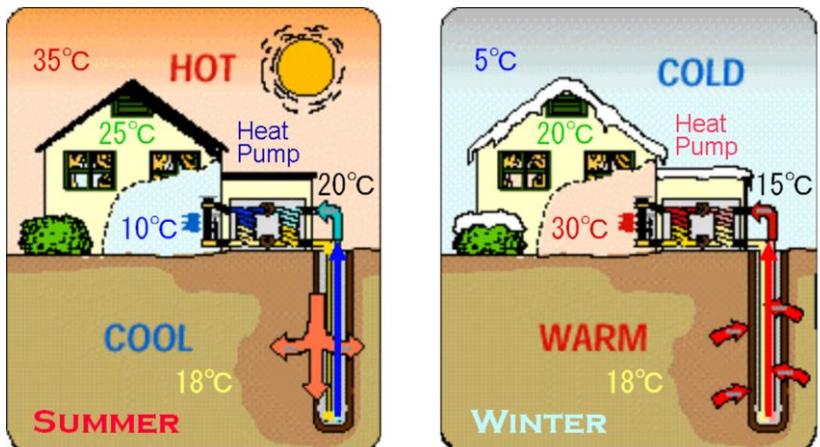

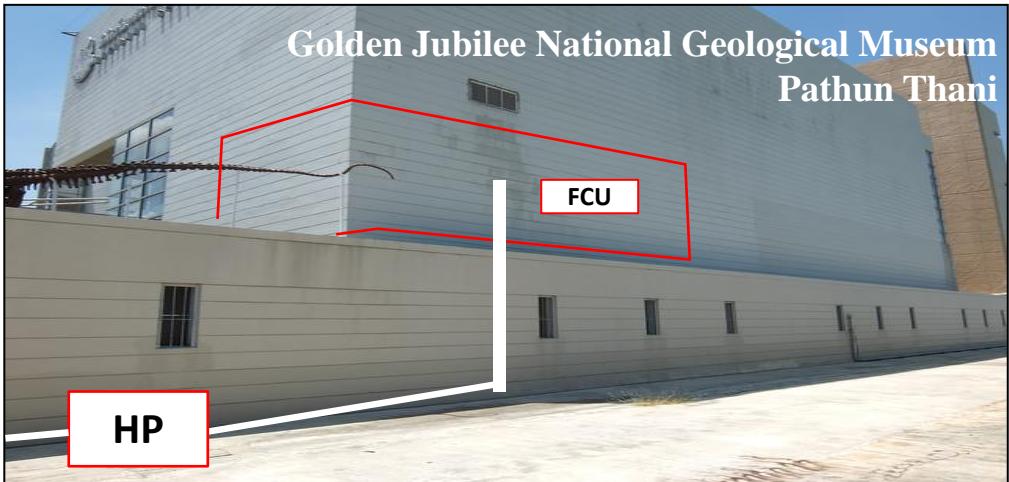

12-14 March 2024, Nha Trang, Vietnam

# 3. Groundwater

## Ground Source Heat Pump (GSHP) System

- Provided GSHP techniques and technical advice
- 3 GSHP systems installed in Chulalongkorn University, Chulalongkorn University(Saraburi), Golden Jubilee National Geological Museum, Thailand and 1 GSHP system in Hanoi, Vietnam
- Tokyo Institute of Technology (TITech) collaborated a research program on GSHP in Thailand.

## CCOP-KIGAM Groundwater Project

### PHASE I (2013-2014) -----> Understanding groundwater issues

- CCOP-KIGAM-DGR-AIT Technical Workshop (2013.10)
- Jeju Water Forum (2014.10)

### PHASE II (2015-2016) -----> Finding cooperative measures

- CCOP-KIGAM-UNESCO-DGR Workshop (2015.05, 2016. 06)
- Sustainable transboundary aquifer (TBA) management in GMS

### PHASE III (2017-2019) -----> Taking cooperation actions

- CCOP-KIGAM-UNESCO-MME Workshop (2017, 2018, 2019)
- TBA monitoring well installation Cambodia & Lao PDR

### PHASE IV (2020-2023)

- Vulnerability assessment to climate change of groundwater system in Greater Mekong Subregion
- Realization of Transboundary GW automatic monitoring network in GMS (10 wells in 5 GMS countries)

# 3. Groundwater

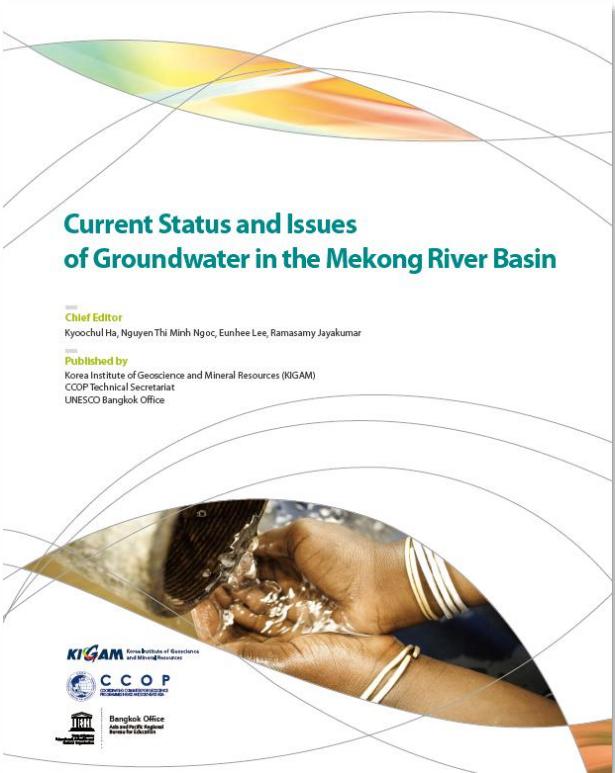

**Phase I – III  
(2013-2019)**

**7 Workshops/Forums**

Attended by **200** participants  
from **13** CCOP member  
**countries** for information  
exchanges and networking.

# 4. Geoinformation

## Geoinformation Sharing Infrastructure (GSi) Project

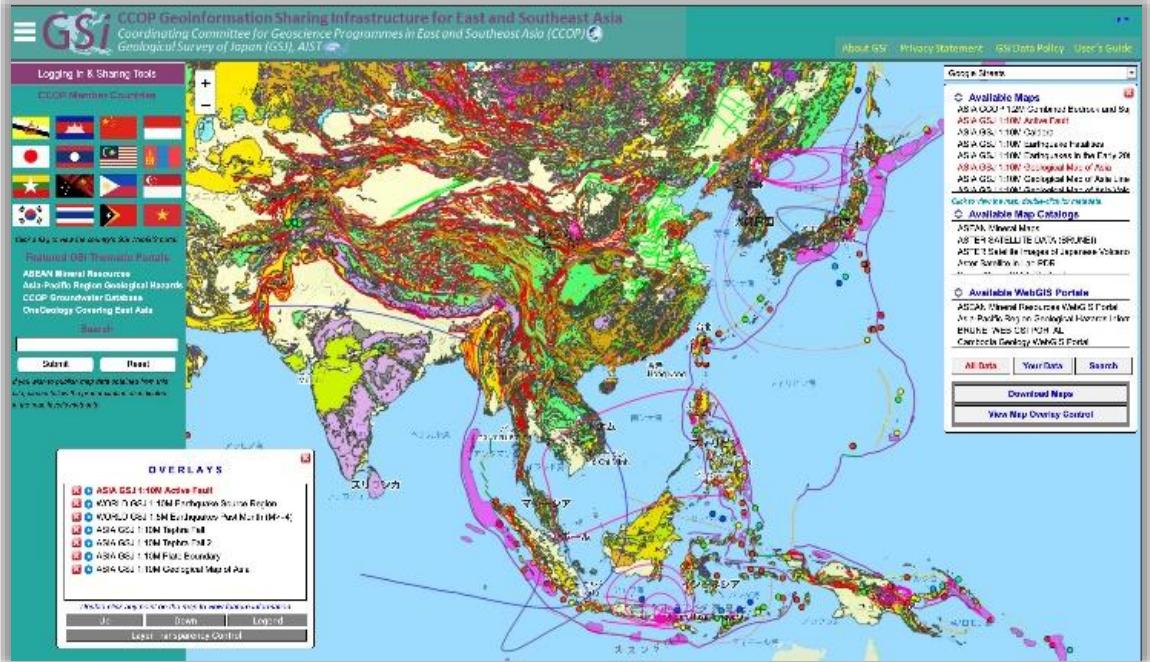

Source: Geological Survey of Japan

Duration: 2021 - 2025

- ✓ Compile various geoscientific information in CCOP countries, and construct a database on an open Web, using world standard formats and GIS.
- ✓ Promote digitization of geoscience data in CCOP countries in high quality
- ✓ Establish geoinformation comprehensive database and infrastructure in Asia and for the world

# 4. Geoinformation

As of March 2025, there are:

- 2,089 map layers
- 160 map catalogs
- 24 portal sites

accessible in the GSI System.

## ■ *Geology Data Storage*

# 4. Geoinformation

## CCOP-KIGAM Geosamples Data Repository Project

**Source: KIGAM**

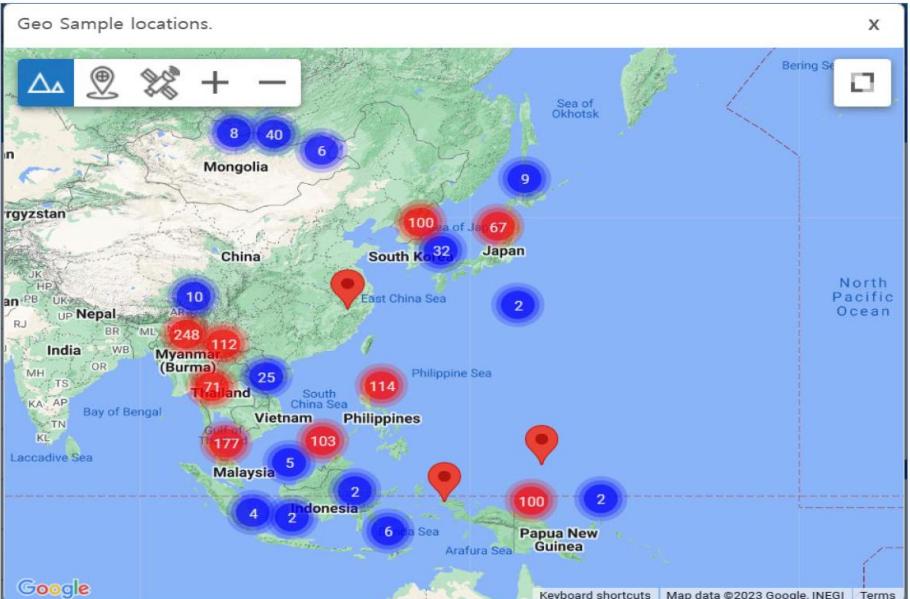

**Duration: 2019 - 2024**

- To establish a regional geoscience data repository system
- To uniquely identify geoscience data using International Geo Sample Number (IGSN)
- To form a working group for the design and development of the GDR system
- To train the working group members in the use of the GDR system.

■ **Geosample Storage**

■ **Analysis Data Storage**

# 5. Capacity Building

Global Energy Technology  
Policy Professional Program  
Department of Global Climate Environmental Studies  
Admission Guideline for September 2025

 HANYANG UNIVERSITY

## CCOP — HYU GETPPP

- CCOP - Hanyang University **Global Energy Technology Policy Professional Program.**
- Provide **Master's and Ph.D. programs from 2023, educating international Energy-related Government officials in the CCOP region.**
- Tuition **FREE & Living cost SUBSIDY (1400 USD/mo)**
- **3-4 students/year**
- **Duration: 2023-2029**

# 5. Capacity Building

Visit to Korean Gas Safety Corporation's  
Hydrogen Safety Museum and  
Energy Safety Demonstration Research Center

KIGAM International Network Forum

2024 Energy Forum for Development Cooperation Countries

# 5. Capacity Building

## CCOP EAGER Award

- The EAGER Award is a trust fund set up in the Geological Society of America with the personal contribution of **Dr. Maurice “Ric” Terman**, CCOP Honorary Advisor
- To be used every year for funding young researchers in geoscience in the CCOP region **since 2003**.
- The grant of **5,000 USD** will be provided to the selected winner through the evaluation by the CCOP Advisory Group.

EAGER Award 2024

# 5. Capacity Building

## CCOP – ISGEO Training Program

YEAR	THEME
2013	Groundwater Theory & Application
2014	Groundwater Theory & Application Fundamentals on Geological Survey
2015	Exploration and Evaluation of Mineral Resources
2016	Groundwater and Environment Geochemistry Landslide and Slope Stability
2017	Petroleum Exploration, Development and Production Exploration and Development of Mineral Resources
2018	Unconventional Oil & Gas Resources
2019	Geological Mapping & Mineral Exploration
2020 (online)	Geological Mapping & Mineral Exploration
2021 (online)	Oil and Gas Hydrate
2022	Geopark Management
2023	Understanding the values of Geo-heritage
2024	Climate Change and Landslide
2025	Mining Technology and Sustainable Development

# 6. Partnership

## CCOP — UNECE Partnership

### UNECE Resource Management Week 2024

**Date:** 22-26 April 2024

**Venue:** Palais des Nations, Geneva, Switzerland

#### **Objectives**

- Focused on the pivotal roles of the [United Nations Framework Classification for Resources](#) (UNFC) and the United Nations Resource Management System (UNRMS) in global resource management.

#### **Outcomes:**

- **Dr. Young Joo LEE** has participated and presented on the potential collaboration between the CCOP and the UNECE to establish an [International Center of Excellence \(ICE\)](#) at the CCOP office in Bangkok.
- This initiative aims to further enhance international cooperation in sustainable resource management.

# 6. Partnership

## CCOP — UNESCAP Partnership

### 80<sup>th</sup> Session of the ESCAP

**Date:** 22-26 April 2024

**Venue:** The United Nations Conference Centre in Bangkok, Thailand

#### **Purpose:**

- *Leveraging digital innovation for sustainable development in Asia and the Pacific'*

#### **Outcomes:**

- **Dr. Songyang Wu** attended the session and related side meetings and engaged in conversations with representatives from the UNESCAP Energy Division, exchanged views on possible collaboration in project cooperation, education and capacity building.
- **Attended a hybrid side meeting as the panellist**, organized by Mongolia, UK, IGF and ESCAP Energy Division, titled "*Technologies of the future - Role of critical minerals in digital infrastructure and SDGs*".

# 6. Partnership

## CCOP — ASEAN Partnership

### 12<sup>th</sup> Joint Working Groups Meeting of the ASEAN Minerals Cooperation (JWG) and Its Associated Working Group Meetings/Event

**Date:** 13 – 16 August 2024

**Venue:** Jakarta, Indonesia

#### **Objectives**

- To update cooperation with Dialogue Partners and International Organizations, discuss the progress and achievements of the Working Groups

#### **Outcomes:**

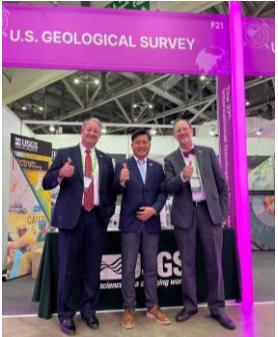

- **Dr. Songyang Wu**, Regional Expert of the CCOP Technical Secretariat, attended the meeting on behalf of CCOP
- More than **230 participants** will be benefited from the capacity building provided by the ASEAN-Korea Cooperation Fund Project.
- All ASEAN Member States and the ASEAN Secretariat expressed full support and looked forward to the successful implementation of the program.

# 6. Partnership

## CCOP — WCOGS Partnership

The Meeting was chaired by **Dr. Young Joo LEE**, Director of the CCOP Technical Secretariat and **Dr. Patrick Wall**, Scientific Policy Manager of EuroGeoSurveys.

with **Dr. David Applegate**,  
Chief Scientist of the  
U.S. Geological Survey (USGS)

with **Dr. Sonia Talwar**, Representative of Canada  
to CCOP, Director General of Geological Survey of  
Canada - Pacific, Natural Resources Canada (GSC)

### 1<sup>st</sup> World Community of Geological Surveys (WCOGS) Business Meeting

**Date:** 25-31 August 2024

**Venue:** Busan, Republic of Korea

#### **Outcomes:**

- Attended by General Assembly of 33 WCOGS Member Leaders and Invited Guests from 18 countries (Australia, Canada, Cuba, Czech Republic, France, Finland, Germany, India, Ireland, Republic of Korea, Netherlands, Poland, Portugal, Russian Federation, Slovenia, Spain, UK, USA) and 2 organizations (CCOP, EuroGeoSurveys).

# **Way Forward**

# Way Forward

## ❖ Cooperation & Networking

Leveraging the advantages of the CCOP as a regional intergovernmental platform to  
**promote DDE Platform, Products and Services** in E&SE Asia and beyond.

Paleontology      Stratigraphy      Tectonics      Sedimentology      Paleomagnetism

Geophysics      Mineralogy      Geochemistry      Hydrogeology      Geothermics

Geomorphology      Geochronology      Metamorphic petrology      Igneous petrology

Petroleum geology      Paleogeography      Geo-education      Geological mapping

Data science      Mathematic Geology      Big data      Platform

# Way Forward

## ❖ Co-share and Build Database Platform

**Joint development and sharing** of geoscience data and platforms, leveraging national strengths in technology, data, and related fields, to advance the sustainable development of regional geoscience.

# Way Forward

## ❖ Capacity Building

Further **advance the capacity building of geoscience talent** to enhance professional competence and practical capabilities, enabling effective responses to complex geological conditions and national development demands
